How it works

We will discuss one question at a time.

First: Caryll and Summer will answer the question with our responses and experiences

Next: You will join a breakout group to discuss your interests, experiences, and responses to the question (5min)

After that: We will come back together as a large group for the next question
Breakout Rooms: *Your turn!*

You’ll get a chance to address each discussion question, too!

You’ll be invited to join a Breakout Room. Click “join” to meet the rest of your group.

Each room will have a moderator to facilitate the conversation.

Breakout rooms close after 5 minutes, and you’ll be returned to the main session.
